EZ INK

BETTA

EZ INK Betta cartridge is a porous ink formulated to print high resolution and flawless printing on wide variety of porous surfaces including paper, wood, carton box and more. EZ INK Betta provides printing with high scratch & smudge resistance, ideal for rough handling and transport applications.

EZ INK   BETTA

Excellent Printing on Porous Surfaces

EZ INK Betta is highly capable to print on a wide range of porous materials and highly waterproof, thanks to our special ink formulation. The printing will be long-lasting and durable to withstand any environment.

Quick-dry Ink Formulation

EZ INK Betta has a quick-dry ink formulation which makes the printing stick to the substrates almost instantly.

High Speed, High Resolution Printing

EZ INK Betta capable of printing high resolution 600Dpi images even at high speed which results in dark and highly precise printing.

Capable of 2D Barcode & QR code Printing

EZ INK Betta cartridge is designed with dual nozzle head which allows the printing to be solid and barcode friendly for any tracking and handling requirements.

Specifications

Cartridge	HP 45A Genuine Cartridge
Ink type	Water-Based
Ink volume	42ml
Print Height	12.7mm
Print Distance	2-5mm
De-cap Time	1 hour
Storage life	1 year
Storage condition	15°C ~ 35°C (Room Temp)
